* Students are assigned to take CCC8011 Critical Thinking: Analysis and Argumentation and CCC8012 The Making of Hong Kong in the first year, and CCC8013 The Process of Science and CCC8014 China in World History in the second year (or the third year for those designated as Year 3 students upon admission).

[@] Students directly admitted to Year 2 in 2019-20 or Year 3 in 2020-21 should follow the revamped English Language Curriculum. Please refer to <https://www.ln.edu.hk/reg/undergraduate-programmes/english-language-enhancement-ele-curriculum> for more information.

[#] For students admitted via faculty-based admission, they will study 3 free electives in Year 1; PHI1002 Introduction to Philosophy, PHI1003 Ethics: East and West, and PHI3101 Deductive Logic in Year 2 (unless they have already completed these subjects); and 6 free electives from Year 2 to Year 4.

[^] Students are required to complete 5 Cluster courses in total. For details, please see the Core Curriculum Section.

~ PHI4001 CAN be taken in Year 3 with approval from Academic Advisor.

REQUIREMENTS IN PHILOSOPHY

There are altogether 48 credits in the major discipline. The Philosophy discipline requires students to take 10 required courses (30[^] - 33^{^^} credits) and either 6 programme elective courses (18 credits) together with a research seminar (3[^] credits) or 5 elective courses (15 credits) in conjunction with a final year project (6^{^^} credits). A final year project may be terminated possibly with the award of only 3 credits after one term, in the event that the student's progress is not satisfactory. In that case, the student will need to complete the research seminar (3 credits) in addition.

Required Courses (Total 10 courses, 30-33 credits)

---------	----------------

Special Topics

The subject matter of Special Topics courses varies from term to term, most commonly in response to student demand. These courses count as programme electives and provide students and teachers with an opportunity to work on areas in philosophy not regularly covered in the Lingnan curriculum. Past examples include courses on the work of a major philosopher and courses on issues such as evolution and human nature.

Free Electives

Students may select courses in any disciplines to obtain the total number of credits required for graduation, subject to timetable, course load and study scheme constraints.
