The Meaning of Life – Philosophy's Search for Purpose

人生意義——哲學對目的的探尋

Prof. Rafael De Clercq guides us through one of the most profound questions in human history: does life have a meaning, and if so, what is it? Drawing on insights from great philosophers past and present, he will challenge us to consider different answers to the question before we reach conclusions about what makes life truly worthwhile.

Speaker Introduction

Professor Rafael De Clercq

Prof. Rafael De Clercq is an Associate Professor in the Department of Philosophy at Lingnan University. He received his PhD in Philosophy from KU Leuven in 2002 after spending time as an affiliate PhD student at University College London. His areas of academic interest include aesthetics, metaphysics, and analytic philosophy.
