- ✓ **Join the Power Network:** Tap into nearly 30 alumni associations connecting thousands of successful Lingnanians across industries and continents.

From Lingnan, You Carry More Than a Degree

STUDENT

SCARLET CHAN

Risk and Insurance Management | Minor: Data Science (Year 4)
Graduated from HKBU Affiliated School Wong Kam Fai Secondary and Primary School

My major and minor complement each other perfectly that they equip me with a skill set that combines risk management with advanced data analytical tools, preparing me to succeed in the future business world. Meanwhile, as a table tennis captain, student ambassador, and frequent event MC, I've actively honed my ability to lead, connect, and collaborate under pressure—turning every challenge into a chance to grow.

STUDENT

PAXTON CHAN

Government and International Affairs (Year 3)
Graduated from TWGHs Chen Zao Men College

Lingnan provided me with incredible resources—including internship opportunities that laid the foundation for my university journey. I participated in a cultural heritage internship where I learned to identify counterfeit Buddha statues, analyse with BIM modeling, and write effective proposals. I have gained diverse practical skills and the experience reshaped my thinking—teaching me to analyse issues through multiple perspectives rather than just my own subjective lens.

ALUMNUS

TIMOTHY CHAN

Finance
Executive Director in Private Wealth Management Asia, Morgan Stanley

I accumulated an impressive portfolio of internships in various companies and organisations – most made possible through Lingnan's support. I recalled that during an interview for the Management Trainee position at a bank, the HR Manager told me they specifically arranged me to be the last interviewee due to my exceptional resume. The support and guidance from Lingnan helped me grow, strengthened my confidence, and sharpened the skills I still rely on today.

ALUMNA

PEGGY YUEN

Sociology
Co-founder and CEO, MakeOmnia | Forbes Asia 30 Under 30

My experience at Lingnan University has been transformative, not just for my academic and entrepreneurial pursuits, but for my personal growth as a leader. From the moment I stepped foot on campus, I was immersed in an environment that fostered the development of essential leadership skills. As I look towards the future, I am confident that the skills, connections, and experiences I have gained at Lingnan University will serve as a springboard for my entrepreneurial dreams, enabling me to make a lasting, positive impact on the world around me.
