Lingnan and You...

SO, Chun Hin Anthony
Co-founder & CEO, OnGrad
BBA Marketing Stream, 2014 Graduate

I benefited tremendously from the advice and support of the professors in the Department. They inspired me to apply my marketing knowledge and skills to service learning projects, summer internships, training workshops, as well as the University's new student orientation and ambassador programmes. These platforms provided me with hands-on practical experience and valuable opportunities to practise my leadership and teamwork skills.

LUI, Hung Chak Duncan
BA in Philosophy, Graduated

What makes Philosophy at Lingnan unique is the breadth of its courses. Students will learn philosophical thoughts of both Eastern and Western traditions. Besides, with the approachable and cheerful teaching faculty members, a highly supportive learning environment is offered to students. So, please feel free to knock on the doors in the Department. They are not only the doors of professors, but also the doors to wisdom.

A Curriculum with a Balance between Breadth and Depth

* Common for all students irrespective of their Majors.

** There are variations in the number of credits for BBA students.

*** Students may take up to 6 additional cluster credits as free electives, apart from the 15 required credits for cluster courses.
