Find the door that opens your future
助你寻找未来之门

Across eight distinctive postgraduate programmes, Lingnan Arts invites you to engage the defining questions of our time: how we live with AI; how culture is created, curated and contested; how languages travel across worlds; and how digital tools transform what we know about history, media and society.

You might begin by examining the ethics and social consequences of artificial intelligence, or by exploring the creative and media industries shaping Hong Kong and the Greater Bay Area. You may be drawn to the work of curating art, researching collections and creating exhibitions; or to the study of Chinese literature, global Sinophone cultures and creative writing.

Other routes lead through digital English, language data and communication; through translation, interpreting and the language technologies that connect audiences; or through Global Asian history, digital humanities and new ways of interpreting the past. In Cultural Studies, you can investigate the everyday, popular culture, digital media, identity, communities and the politics of cultural life.

Eight programmes. Eight ways to begin. One invitation to make your ideas matter.

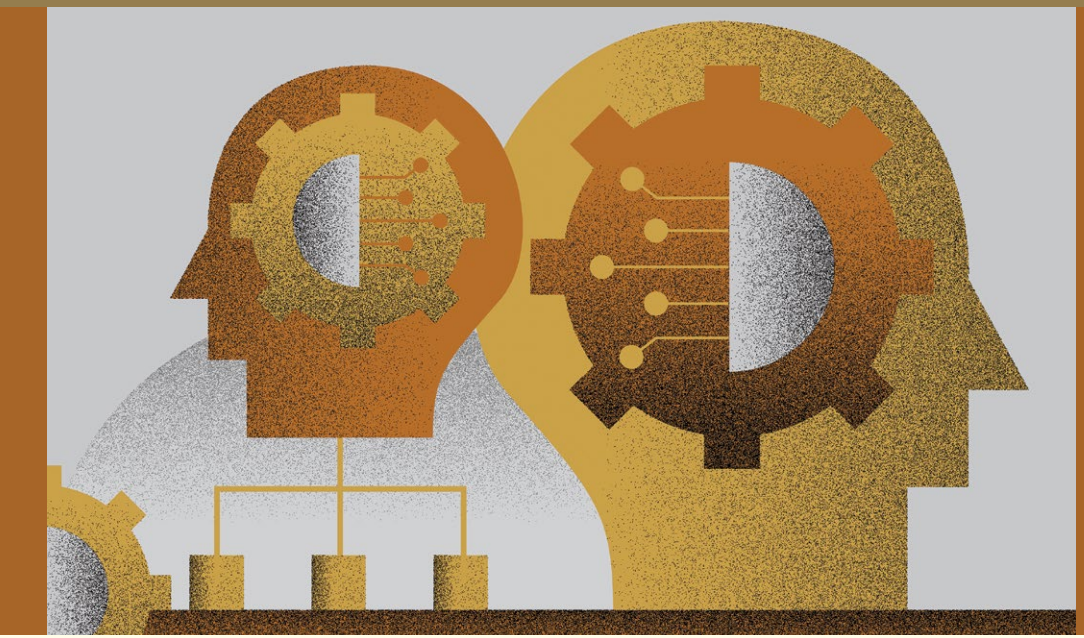

文学院八个各具特色的修课式研究生课程，邀请你深入探究当代的重要议题：我们如何与人工智能共处；文化如何被创造、策展与辩论；语言如何跨越地域与世界流动；以及数码工具如何改变我们认识历史、媒体与社会的方式。

你可以从人工智能的伦理与社会影响开始，或探讨塑造香港及粤港澳大湾区的创意与媒体产业。你也可以投身艺术策展、藏品研究与展览制作，或深入研习中国文学、全球华语文化及创意写作。

其他路径则带你走进数字英语、语言数据与传意研究；翻译、传译及连系不同受众的语言科技；或环球亚洲历史、数字人文，以及重新理解过去的新方法。在文化研究中，你可探讨日常生活、大众文化、数码媒体、身份认同、社群，以及文化生活中的政治议题。

八个课程，八种起点，一个邀请——让你的想法产生影响。
