You are not advised to drop the courses assigned to you by the Registry.

Please note that students who fail to input their study plans or whose study plans have not been approved by [the General Office \(econ@ln.edu.hk\)](mailto:econ@ln.edu.hk) will **not be able** to register for any courses on the course registration day.

Please ensure that your study plan has been approved before the online course registration.

Create a Study Plan – Checking Study Plan (Before consultation with Academic Adviser)

Before your Adviser locks your plan, you are barred from adding/dropping the course(s). You may find an **Adviser Hold** when you attempt to add/drop a course if your plan is still unlocked.

The screenshot shows the 'ellucian' web application interface. The breadcrumb trail is 'Student > Registration > Select a Term > Prepare for Registration'. The main heading is 'Prepare for Registration'. Below this, there are two tabs: 'Registration Status' (selected) and 'Update Student Term Data'. The 'Registration Status' section shows the 'Term: 1st Term 2023 - 2024'. It lists two green status messages: 'Your Student Status permits registration.' and 'Your academic status permits registration.' Below these, a red warning message states 'You have holds which prevent registration.' This message is followed by two hold details, each in a red-bordered box. The first is an 'Adviser Hold' with reason '20230310 170414+008782', from date '01/11/2024', to date '12/31/2099', and processes affected 'Registration'. The second is a 'Plagiarism Online Course Hold' with the same dates and affected processes.

▼ **Q7: What are the entry arrangements for Mainland students who are approved to take up their studies in Hong Kong?**

If the applicant is a Chinese resident in the Mainland of China, please contact the admitting education institutions to process the payment and collection of the "e-Visa". After the applicant is issued with an "e-Visa", he/she should apply for an Exit-entry Permit for Travelling to and from Hong Kong and Macao (EEP) and a relevant exit endorsement from the relevant Mainland authorities. The applicant's EEP bearing the relevant exit endorsement should be presented together with the "e-Visa" issued to him/her for immigration arrival clearance.

▼ **Q8: Can I presented my PRC passport together with the issued "e-Visa" for immigration arrival clearance instead of my EEP?**

You should follow the procedures mentioned at [A7](#).

Remarks: Students should use their student visa (applied via Lingnan University) to study in Hong Kong. Please contact the Registry if you have any questions about the visa application.
