Biography:

Danny joined Blue Pool Capital in 2015, a multi-strategy global investment firm backed by the founders of Alibaba Group. He oversees all direct investment related activities on a global basis.

Prior to Blue Pool, Danny spent 9 years with Bain Capital Asia. He was a managing director focusing on Greater China investments, responsible for sourcing and leading the execution of transactions, covering consumer retail and healthcare sectors in China. Previously, Mr. Lee was with the Asian private equity arm of Sweden's Investor AB, one of the largest industrial holding companies in the Nordic region. He executed investments in the Asia Pacific region in both growth capital and controlled investments with a focus on Greater China. Prior to that, he was with Lehman Brothers Investment Banking in New York and Hong Kong. Mr. Lee has a BA in economics from Columbia College and is a Chartered Financial Analyst.
