

# How to Join a Zoom Meeting and an Online Class

<https://support.zoom.us/hc/en-us/articles/201362193-How-Do-I-Join-A-Meeting>

## Quick Start

### Join a Meeting / Online Class with Meeting Link

1. Click the meeting link received.

Topic: Scheduled Meeting 1  
Time: Feb 7, 2020 01:00 PM Hong Kong

Join Zoom Meeting

<https://lingnan.zoom.us/j/747527833?pwd=alp2WURiZzZTS0Z0SHpkVnFTWU1GQT09>

Meeting ID: 747 527 833  
Password: 003879

2. You can choose to join the meeting / online class by using the Zoom Client or start the meeting directly from a web browser.
3. If you choose to use the web browser, click "start from your browser". The Zoom meeting / online class will run automatically. If you choose to use the Zoom client, click "download & run Zoom". The Zoom client should start automatically if once installed.

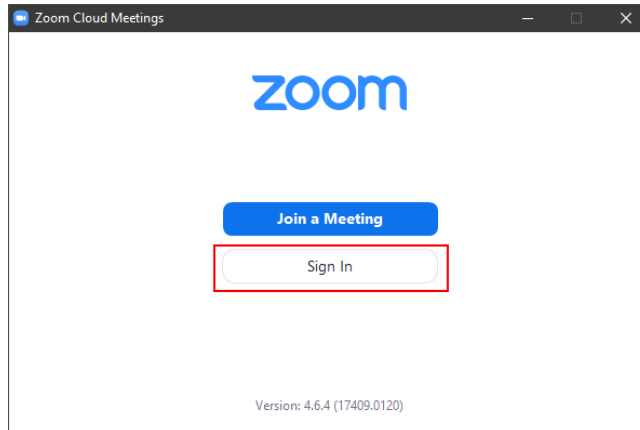

If nothing prompts from browser, [download & run Zoom](#).

If you cannot download or run the application, [start from your browser](#).

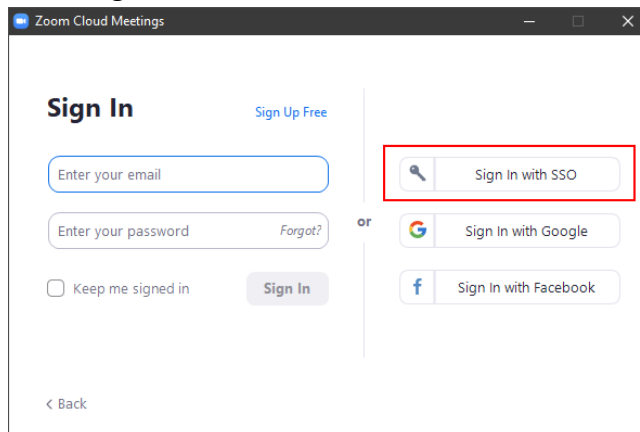

# Using your Zoom Client

## Sign in to Zoom Client (Windows/macOS)

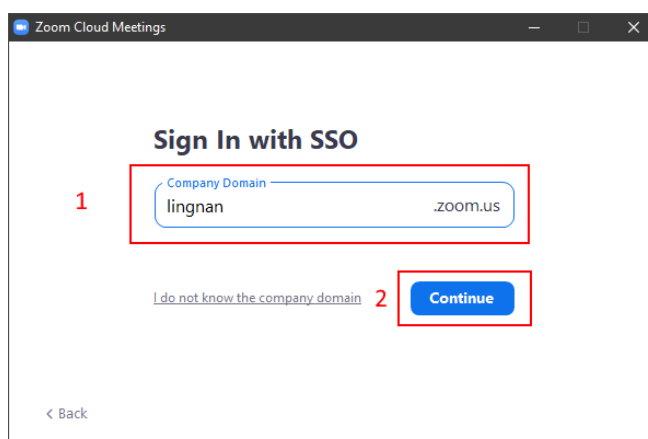

1. Open the Zoom client and click "Sign In"

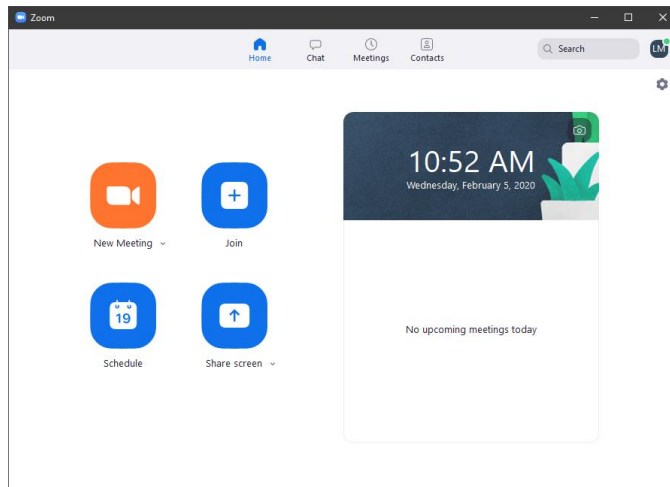

2. Click "Sign in with SSO"

3. Enter "lingnan" in "Company Domain" and click "Continue"

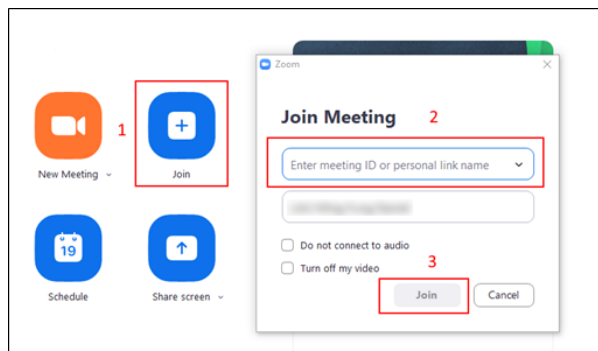

4. Login with your Lingnan username and password in your web browser.  
After successful login, it will bring you back to the Zoom client

### Join a Meeting

1. Click "Join"
2. Enter your meeting ID
3. Click the "Join" button

Please refer to Appendix II for configuration options of your Zoom client.

## Appendix I: Download Zoom Client

Windows MSI Installer

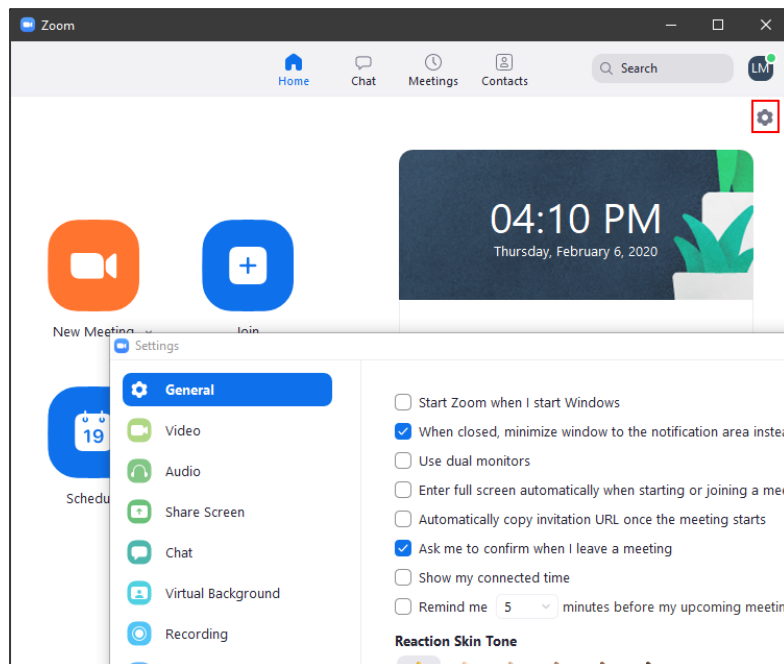

<https://zoom.us/client/latest/ZoomInstallerFull.msi>

For other client or mobile apps (iOS/Android), please visit:

<https://zoom.us/download>

## Appendix II: Setting up Zoom Client

To configure your Zoom Client, click the settings button at upper right hand corner

### Video

Various video related settings, including video capture device, image ratio, quality and touch up

### Audio

You can test and select your audio input and out device

### Share Screen

Setup the behavior of screen sharing

### Recording

Select the location of local recorded video.

You are reminded to check the option “Optimize for 3<sup>rd</sup> party video editor” in order to create video which is compatible to view or edit by other applications.
