Registering/ De-registering 2<sup>nd</sup> Major Programme

**Important Notes**

- A student who wishes to register for double Majors shall have achieved **a Cumulative G.P.A. of 3.0 or above.**
  - For 2019-20 or earlier Year 1 Intakes, 2020-21 or earlier Year 2 Intakes and 2021-22 or earlier Senior Year Intakes with effect from the 2020-21 academic year:**  
The application can be made after the first term of the second year of study, and by the end of the add/drop period in the first term of the final year of study.
  - For 2020-21 or later Year 1 Intakes, 2021-22 or later Year 2 Intakes and 2022-23 or later Senior Year Intakes:**  
The application can be made during the second year of study.
- BBA students should not be allowed to register for two Major(s) under the same study programme.
- Any Major programmes could be taken as a second Major except otherwise specified by the academic unit concerned. Each Major programme consists of 48 or more credits. To attain a second Major under the BBA/BSocSc programme, a student has to complete foundation, functional and research project/capstone courses specified in the curriculum, in addition to the courses specific for the Major programme. Nonetheless, for BSocSc students allowed to register for two Majors in the BSocSc programme, they are allowed to double count the foundation and capstone courses required for all students on the BSocSc programme and these are not counted in the maximum number of credits for double counting.
- Non-local students must take note of the HKSAR Immigration Policy concerning their maximum allowable period of stay in Hong Kong. Students concerned shall be responsible for any consequences that their approved application (if any) may lead to. For details, please contact the Immigration Department directly.

**Application Procedures**

- Applicant should complete Part A1 and A2 of this form and submit it to the Departments of both current Major Programme (or study programme <sup>(Note)</sup>) and 2<sup>nd</sup> Major Programme.
- If the application is approved, the Department will pass the form to the Registry for updating of student records.
- Upon receipt of the form from the Department, the Registry will update the record accordingly and the student can view the updated record via Degree Works and transcripts.
- If the application is not approved, the Department will notify the student concerned.

Note: for students whose Major Programme has not been allocated
