

# First and Final Year Student Learning Experience Survey 2020

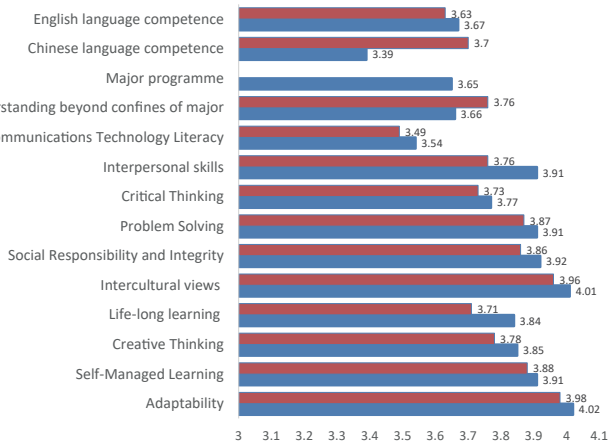

The Survey focused on students' learning experiences and self-evaluation of their achievement of the intended learning outcomes, especially on the Lingnan University Graduate Attributes (LUGAs). The findings derived from the current Survey serve to inform the development of curriculum, and teaching and learning, and other University's enhancement initiatives in its education provisions.

All First Year and Final Year students were required to complete the final year and first year student learning experience survey online between March and May 2020. 293 responses of final year students (44% response rate) and 243 responses of first year students (40.8%) were received.

## Graduate Attributes (First Year and Final Year)
