Graduates' Comments 畢業生意見

The Risk and Insurance Management (RIM) Stream equipped me with theoretical knowledge and practical skills in risk and insurance management for a professional career in the banking and insurance industry. I was honored to be one of the recipients of the AR Charitable Foundation Scholarship which allowed me to concentrate on my study. It was my pleasure to join the AR Mentorship program organized by the department, which enabled me to become more knowledgeable about the latest trend of the industry. After studying the comprehensive RIM program, I feel confident and optimistic about the career prospects in the relevant industry in the Hong Kong financial market. I highly recommend the unique and well-recognized RIM program which can nurture the young leaders for the banking and insurance industry under the liberal art contexts.

Mr. Yuen Ching Nam
Awardee of "AR Charitable Foundation Scholarship Scheme"
Graduate of 2019 (RIM Stream)

Risk & Insurance Management (RIM) is a comprehensive program in Lingnan, which offers a variety of opportunities for me to accumulate financial and insurance knowledge, as well as gain working experience from the internship. All the courses taken are available to exchange for the credits from the external professional qualifications (e.g. CII, ANZIIF). Besides, I had lots of chances to meet with the seasoned industry professionals through AR Mentorship Programme and symposium, which make me have a better understanding of the current industry development and expand my network. Throughout the four-year studies, I also received several scholarships to support my undergraduate studies and am going to pursue my postgraduate study in London. Thanks for every opportunity granted as all these make a better me!

The AR Charitable Foundation Scholarship Scheme 德和慈善基金獎學金計劃

The AR Charitable Foundation Scholarship Scheme is one of the most comprehensive scholarship schemes in Hong Kong that prepares Risk and Insurance Management (RIM) students to embark on a career in the insurance profession.

The scheme aims to develop talents in the insurance field and enhance the profile of RIM students of Lingnan University (LU) through workshops, mentorships, internships and scholarship to support the recipients' tuition fees.

The scheme is supported by the insurance industry, the Insurance Regulator, and insurance professionals in Hong Kong.

The scholarship provides partial or full coverage in tuition fees on an annual basis, for undergraduate students who excel in the study of RIM at LU¹.

The total amount of scholarships is approximately HKD\$10 million for over 80 students.

¹The amount may be adjusted according to tuition of the year.

德和慈善基金獎學金計劃專為嶺南大學風險及保險管理學本科生而設，是本港最全面的風險及保險管理學獎學金計劃之一。此獎學金計劃於 2013/14 學年開始實行，金額約為港幣1000 萬，超過 80 名主修本學科之學生受惠。

在保險專業團體的支持下，本計劃旨在為保險行業培養年輕人才，並為學生提供實習和師友培訓機會，取得優異成績的本科生可獲資助學費¹。

¹ 金額將根據當年學費作調整。
