1 About Lingnan University

Lingnan University is the liberal arts university in Hong Kong and we have the longest established tradition among the local institutions of higher education. Our history can be dated back to 1888, when our forerunner, the Christian College in China, was founded in Guangzhou, and to 1967, when the institution, as Lingnan College, was re-established in Hong Kong.

It is ranked:
- 1st for "International Faculty", "Inbound Exchange Students" and "Outbound Exchange Students" (*QS Asia University Rankings 2021*)
- 2nd for "Quality Education" (*THE University Impact Rankings 2023*)
- 33rd for "International Faculty" (*QS World University Rankings 2022*)

Meaning of the Lingnan Logo

The mountain, river, trees and path illustrated in the University logo each symbolise a profound principle:

- The White Cloud Mountain depicts the highest aspiration in life;

- The Pearl River represents the wide dissemination of Lingnan education;

- The lychee trees - with ripe fruit hanging in clusters - represent the commitment to realise the precept "For God, for Country, and for Lingnan";

- The path represents the road to the future by virtue of hard work;

- The panoramic view of the campus in the emblem '*reminds alumni and friends of Lingnan of their loyalty wherever they may be. The red and grey colours of the emblem help nourish the sentiment; they are "blood-red and iron-grey", symbolizing loyalty and steadfastness. The red and grey reflect the Lingnan spirit, a spirit inspiring them to lay the foundations for a splendid future forever*'[1].

4.2.4   In other words, students are graded on the basis of attaining well defined learning outcomes (i.e., knowledge, skills, attributes criteria) **rather than how they compare with their peer group** (norm-referencing).

4.3 Use of Rubrics

Rubrics are developed for Assessment Tasks to help assessing to what extent students have attained the intended outcomes. The details are described in the relevant syllabus.

4.4 Grading System

4.4.1   Letter grades are used to indicate a student's academic performance in a course.

4.4.2   Grades are awarded according to the following system:

Grade	Standard	Sub-divisions	Grade Points
A	Excellent	A	4.00
		A-	3.67
B	Good	B+	3.33
		B	3.00
		B-	2.67
C	Fair	C+	2.33
		C	2.00
		C-	1.67
F	Failure	F	0
I	Incomplete		0*
M	Merit		no grade point given*
VS	Very Satisfactory		no grade point given*
S	Satisfactory		no grade point given*
U	Unsatisfactory		no grade point given*
PASS/FAIL			no grade point given*

Not included in the calculation of grade point average.

4.4.3   Grade F indicates failure. A student who receives this grade in the first term of a year

course is not normally allowed to continue with that course in the second term.

4.4.4 Grade I is a temporary grade which indicates that the course work or examination has not been completed for reasons acceptable to both the teacher and the Board of Examiners. The assessment should be completed within four weeks after official release of the preliminary assessment results, and the grade I will be converted to a final grade which includes all assessment marks; otherwise, the grade I will be converted to grade F. The final grade will be used in the calculation of grade point averages.

4.4.5 Pass or Fail grade may only be given as specified in the approved syllabus of the course concerned.

4.5 Grade Point Average (G.P.A.)

4.5.1 **Term G.P.A.**
This is a figure ranging from 0 to 4.00 (A = 4.00) used to indicate the performance of a student in the term concerned.

$$\text{Term G.P.A.} = \frac{\text{Total weighted points for all courses enrolled in the term concerned}}{\text{Total number of credits}^2 \text{ enrolled in for the term concerned}}$$

where weighted points = grade points x the number of credits of the course concerned

4.5.2 **Cumulative G.P.A.**
This is a figure ranging from 0 to 4.00 (A = 4.00) used to indicate the overall performance of a student in all the terms up to date.

$$\text{Cumulative G.P.A.} = \frac{\text{Total weighted points for all}^3 \text{ courses enrolled in}}{\text{Total number of credits enrolled in for all terms}}$$

4.5.3 Courses enrolled, whether passed or failed, will be taken in the calculation of Term or Cumulative G.P.A., but for the courses which have been retaken, only the grade and weighted points obtained in the final attempt will be included in the G.P.A. calculation.

4.5.4 Courses which are exempted are not included in the calculation of Term or Cumulative G.P.A.

4.6 Student Progression

A student is required to achieve a Cumulative G.P.A. of 2.50 or above in order to automatically proceed to the next term. A student whose Cumulative G.P.A. is 2.50 or above but below 2.67 will be given a warning. The Board of Examiners shall at the end of each term recommend whether each student is:

a) Making satisfactory progress towards the degree;
b) Eligible for the degree; or
c) Required to withdraw from the Programme.

---

[2] Credits of relevant courses only
[3] With exception as stipulated in Regulation 4.5.3

A student will normally progress unless he/she falls within the following categories, any of which may be regarded as grounds for termination of studies:

a) The student is unable to attain a Cumulative G.P.A. of 2.50 at the end of each term;

b) The student is unable to attain a Cumulative G.P.A. of 2.67 at the end of the Programme, which is the minimum Cumulative G.P.A. requirement for graduation; or

c) The student has exceeded the maximum period of study, which is 3 years for the full-time mode.

4.7 Graduation Requirements

4.7.1 A student will be evaluated for graduation at the completion of the term in which he/she may satisfy all the conditions for an award. If a student is not allowed to graduate, he/she will be re-evaluated for graduation at the end of subsequent terms.

4.7.2 For graduation, a student is required to complete a total of 8 courses amounting to 24 credits as specified in the Programme curriculum. The minimum cumulative G.P.A. requirement for graduation is 2.67. The University reserves the right to make amendments to academic programmes from time to time as approved by the Senate.

4.7.3 If a student was admitted to the Programme with an English test score just below the minimum as specified in Regulation 2.3 above, the student is required to fulfil an exit requirement on English language competency before graduation. The requirement is considered fulfilled if:

a) the student has completed an English enhancement course [4] and attained a minimum grade as specified by the University,

b) the student has obtained a band score of 6.5 or above in IELTS, or a minimum score of 550 (paper-based test) or 79 (internet-based test) in TOEFL, or

c) the student has met the Programme's specific exit requirement on English language competency as approved by the University.

4.7.4 A student is required to graduate as soon as he/she satisfies all the conditions for an award.

4.7.5 A student may graduate upon completion of all requirements at the end of any term in an academic year.

4.7.6 A student's eligibility for graduation is subject to Senate approval.

4.8 Intermediate Awards

4.8.1 A student will be awarded a Postgraduate Diploma if they complete any 4 courses or more with a minimum G.P.A. of 2.33 and do not continue in the Programme. Acceptance of an intermediate award implies an intention not to complete the final award.

---

[4] English Language Enhancement Course: Preparation for IELTS is an approved course for English enhancement, and the minimum grade to attain is B-.

4.8.2   If a student was admitted to the programme with an English test score just below the minimum as specified in Regulation 2.3, the student is required to fulfil the same exit requirement on English language competency detailed in Regulation 4.7.3 before graduating with an intermediate award.

4.9 Award Classification

The performance of students in each course is measured by a combination of assessments (as stipulated in the attached individual course syllabus). The assessment process will follow the general grading policy as prescribed by Lingnan University for post-graduate studies. To qualify for the award of the **Master of Arts in International Affairs** issued by Lingnan University, students must, where applicable:

1. attend at least 80% of the lectures or class activities for all courses;
2. complete and pass ALL required courses; and
3. obtain 24 credits with a cumulative G.P.A. of 2.67 (equivalent to B-) or above.

A student who has fulfilled all the requirements for graduation will be awarded an MA degree with one of the following classifications.

Classification	Minimum Cumulative G.P.A.
Distinction	3.50
Pass	2.67

4.10 Appeal

4.10.1 Review of Grades and Reassessment

(i)   As all course grades are assigned according to criterion referencing, a student is entitled to know the basis on which the grade has been assigned. This includes the criteria for grades on individual assessment tasks, and weighting of individual assessment tasks in calculating the course grade.

(ii)   A student unsure of how a course grade has been arrived at is encouraged to seek an explanation from the course instructor. It is the course instructor's obligation to provide this information, which may include an explanation of the criteria used in marking individual assessment tasks and/ or a confirmation of the scores and weightings on which the course grade is based. In case a face-to-face meeting is impossible, the instructor and the student can communicate by other means, such as email or telephone. During the process, the student is not allowed to lobby for a change of grade.

(iii)   When the student approaches the instructor for an explanation, he/she may be required to provide the work in question if this has been returned to him/her.

(iv)   A student may appeal through the Registrar for a **review of grades**. The appeal process requires the student to explain briefly why he or she believes the original calculation is incorrect. The Registrar will refer the appeal to the Programme Director/Head of Academic Unit concerned, who will inform the subject teacher. The Programme

Director/Head of Academic Unit will return the result of the review to the Registrar, who will inform the student.

(v)   A student may appeal through the Registrar for a **reassessment** of one or more written works. The appeal process requires the student to explain briefly why he or she believes the original grade is unfair, with reference to the relevant rubric or marking scheme. The Registrar will refer the appeal to the Programme Director/Head of Academic Unit concerned. The Programme Director/Head of Academic Unit will return the result of the reassessment to the Registrar, who will inform the student.

(vi)   An appeal for review or reassessment requires a deposit, which will be refunded only if the appeal results in a change to the grade.

(vii)   Appeals must be made within two weeks from the release of preliminary examination results.

(viii)   Results of appeals will be determined within 7 working days from the day when the application is lodged.

4.10.2 **Discontinuation of Studies**

(i)   A student whose studies are discontinued at the University due to unsatisfactory academic performance or progression may appeal in writing through the Registrar against the decision, enclosing all the necessary supporting documents. The Discontinuation Appeals Panel is empowered by the Senate to decide on the case, mainly on grounds of extenuating circumstances that affected the studies of the appellant and/or procedural problem(s) in the assessment process. The decision of the Panel will be final.

(ii)   No fees will be charged to students who lodge such appeals.

(iii)   Appeals must be made within one week after the announcement of the resolution of Postgraduate Studies Committee (PSC).

(iv)   Results of appeals will be determined within 40 days from the day when the application is lodged.

4.11 Course Attendance Requirement for Examination

4.11.1 A student who fails to attend a test or an examination without a good reason will not be given marks for that test or examination and no supplementary assessment will be given.

4.11.2 A student who is unable to sit for an examination but has medical or other compelling reasons acceptable to the Programme Office may apply in writing with documentary evidence to the Programme Office for a supplementary assessment. The application should be made at the earliest possible moment and no later than one week after the examination concerned is held.

4.12 Re-taking a Course

4.12.1 A student must retake a failed required course or take a substitute course approved in writing by the Programme Office.

4.12.2 A student may retake a required course passed with grade C+ or below or take a substitute course approved in writing by the Programme Office.

4.12.3 A student who has failed an elective course or passed the elective course with grade C+ or below may retake it or substitute it with another elective in a subsequent term. Students are required to register the substitution with the Programme Office prior to commencement of the term.

4.12.4 A student may retake a course only twice, be it retaking a failed course or a course with grade C+ or below. Course grades for all attempts, inclusive of any course substitute as stipulated in Regulations 4.12.1 to 4.12.3 above, will appear on the student's transcript, but only the final grade and weighted points obtained will be taken in the calculation of the student's G.P.As, and only the credits for the final attempt will be counted towards fulfilment of graduation requirements.

4.12.5 A student may choose only two courses passed with grade C+ or below for course retaking or course substitution while each course can have at most two attempts of retaking and/or substitution.

4.12.6 For retaking a course, a student shall attend classes, complete assignments, take tests and attend the final examination, if any, as other students. In case a student shall retake a course in a different mode, such shall be considered and approved by the Committee on an exceptional basis.

4.12.7 A student shall be charged additional tuition fees for retaking a course, in an amount to be determined by the Programme Office.

4.12.8 A student is not allowed to retake any credit bearing or non-credit bearing courses which he/she has previously taken and passed with B- or above.

4.13 Academic Dishonesty

4.13.1 If a student attempts to gain an advantage in the assessment of his/her work by undertaking any of the following acts or any other form of dishonest practice, it will be regarded as a case of misconduct:

a) Collusion - where two or more students misrepresent their individual work by knowingly withholding crucial information from teachers on who actually do the work.
b) Falsification of Data - where the presentation of data in reports, projects or research papers, which is purported to be based on experimental or research work conducted by the student, has actually been invented by the student, copied or obtained by unfair means.
c) Plagiarism - the presentation of another person's work without proper acknowledgement of the source, including exact phrases, or summarised ideas, or even footnotes/citations, whether protected by copyright or not, as the student's own work.
d) Dishonesty in connection with test(s) or examination(s), or violation of any rules or regulations governing the conduct of examinations.

e) Any other form of dishonest practice in course work, e.g. submission of same or substantially same work for two assignments without prior approval.

4.13.2   Related to (a) or (c) above, allowing another student to copy his/her work is regarded as an act of misconduct.

4.13.3   Any staff member who has reason to believe that a student has committed academic misconduct will present the case to the Board of Examiners and provide the Board with all the relevant facts of the case.

4.13.4   The BoE will determine whether it is a case of academic misconduct and decide on the appropriate penalty. The penalty guidelines are as follows:

(a) Zero mark is given to that particular examination paper/piece of work;
(b) One demerit* is given to student; and
(c) The BoE has the discretion to revise downward the overall course grade for a serious case, such as impersonation of or by another person.
*Removal of the demerit from the transcript is subject to review before graduation

4.13.5   If a case involves copying work of another student, the BoE should also determine the appropriate penalty on the student allowing his/her work being copied considering relevant factors such as the context and reason for allowing his/her own work being copied, but in any case, the penalty should not be heavier than for the student who plagiarised

4.13.6   The BoE shall inform the student of its decision(s) and record the case in the Registry online database. The BoE shall also present a summary of these cases to the **Postgraduate Studies Committee (PSC)** on an annual basis for onward submission to the Senate for noting.

4.13.7   The student concerned may appeal against the decision of the BoE through the Registrar within one week from the day he/she is notified of the decision. The Sub-group on Academic Misconduct Appeals (SGAMA) of the Student Disciplinary Committee (SDC) shall make a decision on the appeal case and its decision is final. The SGAMA will present a summary of postgraduate cases to the PSC on an annual basis for onward submission to Senate for noting.

4.13.8   If the student concerned is involved in another suspected academic misconduct case, the BoE should commence formal administrative process for this subsequent case only after the appeal period has lapsed and the student has not submitted an appeal during the appeal period, or, in case the student lodged an appeal, the decision on the appeal has been made by the SGAMA.

4.14 Plagiarism and "Online Tutorial on Plagiarism Awareness"

4.14.1   In order to enhance students' understanding of plagiarism, all new postgraduate students are required to complete an online mini-course entitled "Online Tutorial on Plagiarism Awareness" **by the end of the first term**.

4.14.2   Those students who have not completed the "Online Tutorial on Plagiarism Awareness" will be blocked from the next course registration.

4.14.3   The Online Tutorial on Plagiarism Awareness is an hour long and consists of video and exercises. Students can access to it at the Lingnan Portal or by clicking this link **https://pla.ln.edu.hk/**

The evidence is disseminated to appropriate groups and/or individuals. The information gathered demonstrates that the development of Lingnan University Graduate Attributes is highly correlated with the academic experiences of students, particularly in the realm of development of critical thinking skills, interpersonal skills, self-managed learning, and problem-solving skills. There is also substantive evidence indicating that the unique nature of the Liberal Arts philosophy, the small class sizes and close teacher-student relationships are seen by many students as some of the most important and defining features of their university experiences. In addition, the co-curriculum is evaluated on an annual basis and provides further evidence of how students value the breadth of experience provided by the University.

<u>**Core Course**</u>
