ABOUT LINGNAN UNIVERSITY 關於嶺南大學

Lingnan University, a distinguished institution in Hong Kong's academic landscape, traces its heritage to its founding in Guangzhou in 1888. Re-established in Hong Kong in 1967, Lingnan has evolved into a research intensive liberal arts university dedicated to excellence in education, research, and social engagement in the digital era. Today, it integrates the arts and sciences with a strong commitment to impactful research, innovation, and whole person development.

Guided by our motto, "Education for Service," Lingnan cultivates socially responsible, well rounded individuals equipped to contribute meaningfully to society. This ethos underpins our efforts to foster creativity, critical thinking, and technological competence—essential attributes for navigating the opportunities and challenges of the digital era.

In recent years, Lingnan has reinforced its strengths in traditional disciplines—arts, humanities, business, and social sciences—while rapidly expanding research and teaching in emerging fields such as data science, artificial intelligence, biological sciences, carbon neutrality, and environmental sustainability. Our researchers and students work together to advance knowledge and innovation that benefit both local communities and the global society.

Lingnan achieved historic recognition in 2025 by ranking **World No. 1 for SDG 4: Quality Education** in the Times Higher Education (THE) Impact Rankings. This is the first time a Hong Kong higher education institution has secured the top global position in any SDG category and reflects Lingnan's deep commitment to advancing high quality education and the United Nations Sustainable Development Goals (SDGs). Beyond SDG 4, the University actively advances many other SDGs through interdisciplinary research, community partnerships, and innovation that address global and regional development challenges.

Lingnan has also entered the Times Higher Education World University Rankings 2026, placing among the top 301–350 universities worldwide out of 2,191 institutions across 115 countries or territories. The University performed strongly across multiple indicators, including

an impressive 47th place globally in International Outlook, demonstrating Lingnan's success in fostering international diversity and global research collaboration.

Lingnan's rapid rise in research excellence and global competitiveness is supported by strategic initiatives such as the Lingnan 60 Global Talent Recruitment Campaign and the Lingnan University Institute for Advanced Study, which continue to attract world class scholars across emerging fields and strengthen the University's academic capacity.

Lingnan's science and innovation teams also delivered exceptional results at the 11th Silicon Valley International Invention Festival (SVIIF), where all 13 participating projects earned awards—8 gold and 5 silver medals. One project additionally received the prestigious International Federation of Inventors' Association (IFIA) Special Award, making Lingnan the Hong Kong institution with the highest number of total and gold awards at the festival. These accomplishments highlight the University's growing strength in research and innovation, as well as its contributions to SDG related technological solutions.

Lingnan's global impact has been further strengthened by the establishment of the **UNU Hub on Humanitarian Innovation and Technology**, created in partnership with the United Nations University (UNU). As the first UNU Hub in Asia, it officially opened in October 2025 with an annual budget of over HK\$8 million. Through its Humanitarian Innovation and Technology Laboratory (HIT Lab), the Hub is driving cutting edge research, education, and international collaboration to develop technologies that improve lives in the Global South. Scholarships also support young innovators dedicated to humanitarian solutions.

The University continues to invest in strategic initiatives that build future ready competencies, such as the establishment of the Lingnan University Institute for Advanced Study, the School of Data Science, and the introduction of a compulsory generative AI course for all first year students.

As we move forward, Lingnan University remains steadfast in its mission to provide broad based education while cultivating innovative thinking, interdisciplinary perspectives, and adaptability. Building on our strengths in the arts and sciences and our recent advancement in data science education and research, we aspire to nurture future leaders equipped to thrive in an ever changing world and contribute to a more equitable, sustainable, and prosperous future for all.

嶺南大學是香港一所歷史悠久的高等學府，早於1888年在廣州創校，其後於1967年在香港復校，逐漸發展成為一所文理融合的研究型博雅大學，在數碼時代的浪潮中，嶺大致力於追求教育、研究及社會參與方面的卓越成就，積極推動具影響力的研究，創新及全人發展。

為了體現「作育英才，服務社會」的校訓精神，嶺大一直致力培育具備社會責任感、發展全面的綜合人才，使他們能夠為社會作出有意義的貢獻。我們著意讓學生擁有創新創意、慎思明辨和技術方面的能力，因為這些都是應對數碼時代機遇與挑戰所必需具備的核心素養。

近年來，嶺大在鞏固傳統學科（藝術、人文、商學和社會科學）優勢的同時，積極拓展新興領域的研究和教學，例如數據科學、人工智能、生物科學、碳中和以及環境可持續性。師生攜手合作，推動知識前沿和創新發展，造福本地社區和全球社會。

嶺大在2025年取得歷史性佳績，在《泰晤士高等教育》（THE）大學影響力排名中，於「**可持續發展目標四：優質教育**」這個範疇位列世界第一。這是香港高等教育機構首次在任何一個聯合國可持續發展目標（SDG）類別中獲得全球第一的殊榮，充分反映了嶺大對推動高質素教育和聯合國可持續發展目標的堅實承諾。除了可持續發展目標四之外，嶺大還透過跨學科研究、社區夥伴協作和創新，積極推動許多其他可持續發展目標的進展，以應對全球和區域發展的挑戰。

嶺大首次參與了《泰晤士高等教育》世界大學排名2026，在全球115個國家或地區的2,191所大學中位列301-350名。嶺大在多項指標上均表現出色，包括在國際視野方面位列全球第47位，展現了嶺大在促進國際多元化和全球研究合作方面成績斐然。

嶺南大學在研究優勢和全球競爭力方面聲譽日隆，近年推出了多項策略性舉措，包括「嶺大60全球學者招募」計劃和「嶺南高等研究院」，這些舉措吸引了多個新興領域的全球頂尖學者加入，大大加強了嶺大的學術實力與全球影響力。

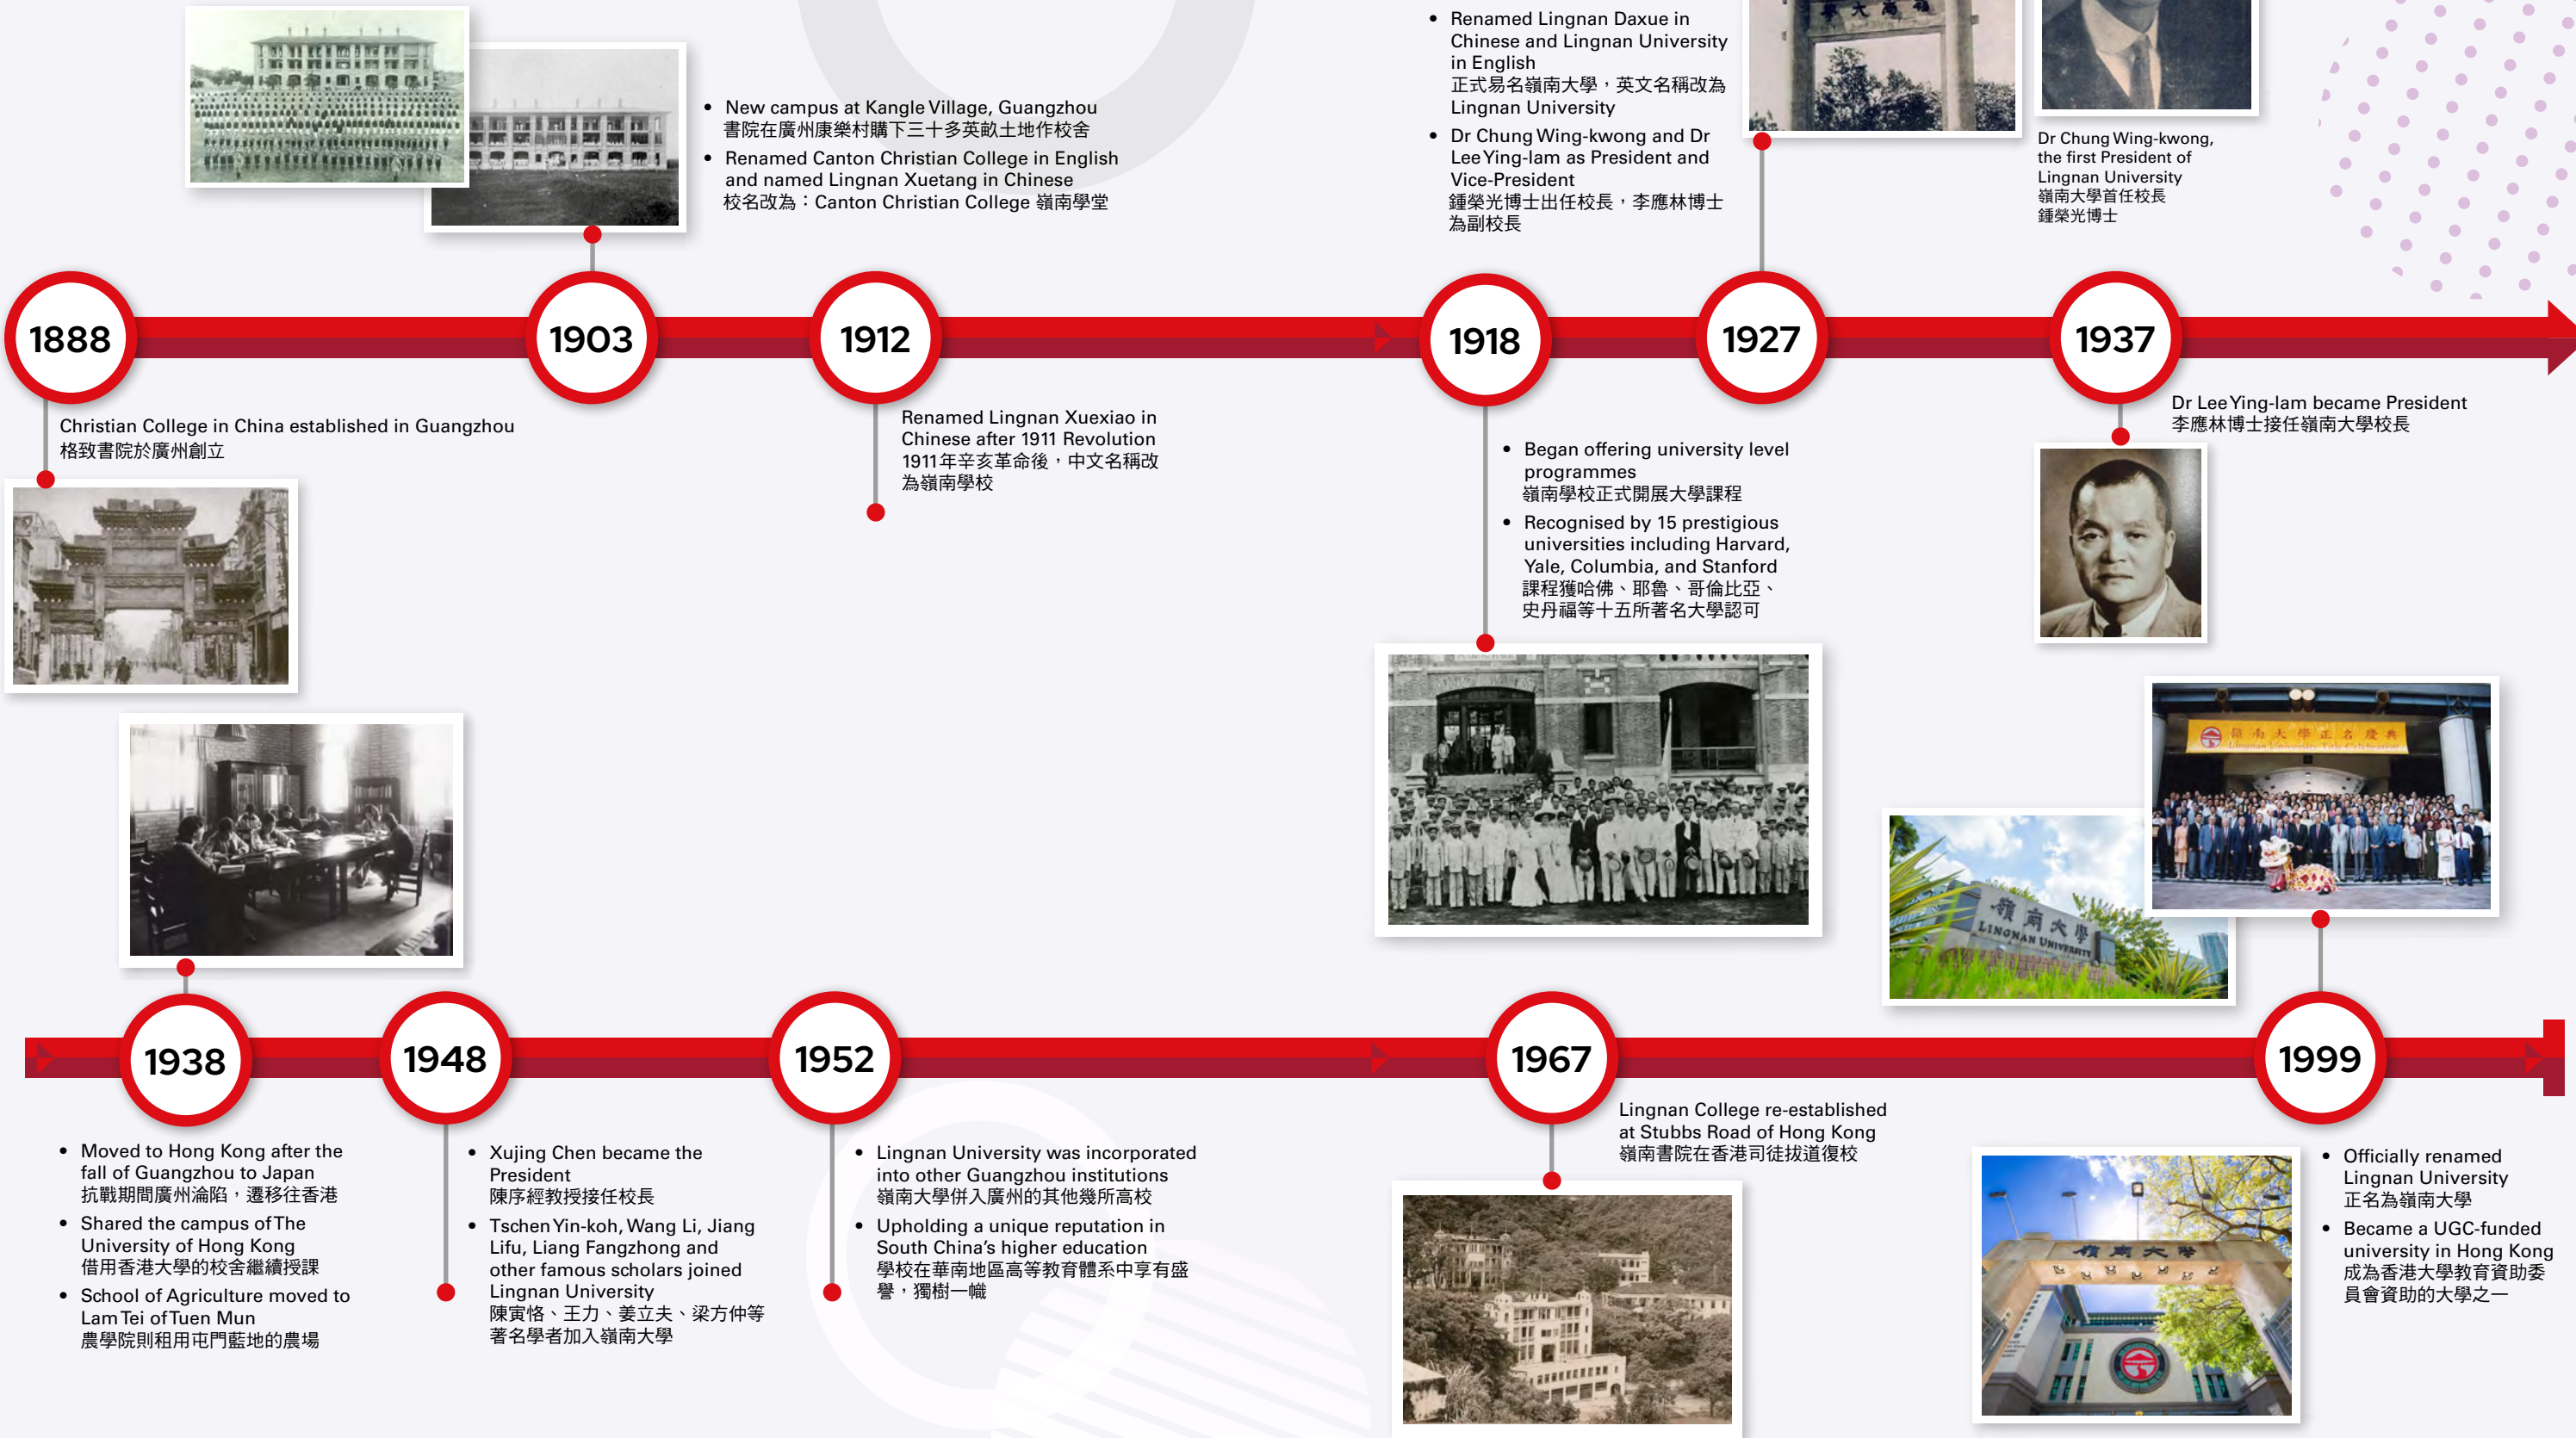

嶺大的科學與創新團隊在第11屆矽谷國際發明節（SVIIF）上亦取得了卓越成果，所有13個參展項目全部獲獎——包括8項金獎和5項銀獎。其中一個項目更榮獲著名的國際發明家協會聯合會（IFIA）特別獎，使嶺大成為該發明節中獲得總獎項和金獎數量最多的香港機構。這些成就彰顯了嶺大在研究和創新方面日益增強的實力，以及其對與可持續發展目標相關的技術解決方案的貢獻。

嶺南大學與聯合國大學（UNU）合作成立的「**聯合國大學 - 嶺南大學人道創新及科技中心**」，進一步強化了嶺大的全球影響力。該中心是首個聯合國大學在亞洲成立的中心，於2025年10月正式啟用，年度營運預算超過800萬港元。該中心正在透過其「人道主義創新與科技實驗室」，推動尖端研究、教育和國際合作，以開發能改善全球南方地區生活的技術。中心也提供獎學金支持致力探求人道主義解決方案的青年創新者。

嶺大持續投資於多項策略舉措，以培養學生駕馭未來的能力，例如成立嶺南高等研究院及數據科學學院，並要求所有一年級學生修讀生成式人工智能課程。

展望未來，嶺南大學將堅定不移地履行其博雅教育使命，融合文理底蘊與數碼前沿，培養具備創新思維、跨學科視角和適應能力的未來領袖。憑藉其在教育、研究與社會參與方面的持續投入，嶺大期望其所孕育的未來領袖能夠在不斷變化的世界中茁壯成長，並為構建更公平、更可持續、更繁榮的未來做出貢獻。

The Faculty of Arts is made up of seven Departments, two Language Centres and six Research Centres. It currently offers ten majors for undergraduates, as well as a self-financing bachelor's degree and eight taught postgraduate programmes. In addition, the Faculty offers research postgraduate programmes (MPhil/PhD) in Chinese, Cultural Studies, English, Film and Visual Arts, History, Philosophy, and Translation.

Our students excel in both Chinese and English language skills, which ensure that they can communicate efficiently and effectively in diverse cultural settings and work environments. The undergraduate arts programmes provide academic training, along with critical thinking and analytical skills. This teaches students to develop and apply their own perspectives, assess the value of available information, and present their ideas to others convincingly.

A high level of digital literacy, together with creativity and innovation, are seen as core strengths of our graduates. Past and present employers also commended attributes such as their interpersonal skills, ability to frame a strong argument, all-round integrity and a sense of responsibility, and awareness of both global and local issues.

Our academic programmes prepare students for careers in the creative and arts industries, media organisations, educational institutions, and the civil service.

Within the Faculty, noted areas of excellence include in-depth exploration of classical and modern Chinese literature and poetry, as well as a comprehensive understanding of China's historical heritage. We also teach the intricacies of the English language and literature, while researchers in translation look to build a bridge between cultures. Our internationally renowned scholars study themes ranging from youth cultures to the evolving landscapes of gender, ethnicity, and sexuality.

We have earned a high reputation for our work on moral philosophy, applied ethics, logic, and the philosophy of science. Recent research projects have also brought new attention to the importance of Asian cinema and the creative media industries. Reflecting these achievements, our Faculty members include recipients of a National Endowment for Humanities (2024-25), finalists for the ICAS Book Prize (2023), a winner of the 1st Jinan University Zhan Bohui Awards 2021, as well as scholars named among the World's Top 2% of Scientists by Stanford University (2022, 2023, 2024 and 2025).

文學院由七個學系、兩個語言中心和六個研究中心組成，目前提供十個本科主修科目、一個自資學士學位課程和八個授課式研究生課程。此外，學院亦提供研究型研究生課程（碩士/博士），涵蓋中文、文化研究、英文、電影與視覺藝術、歷史、哲學與翻譯。

我們的學生擁有優異的中英雙語能力，能夠在不同的文化背景和工作環境中有效地與人溝通。本科課程除學術培訓外，亦着重培養學生明辨思維和分析的能力，讓他們對事對物都有精闢獨到的觀點，懂得評估各種資訊的含義，並能夠令人信服地表達想法。

我們畢業生的優勢是同時具備高水平的數碼素養、創意和創新能力。過去和現在的僱主對他們的特質，例如人際關係技巧、論證能力、誠信和責任感，以及對全球和本土議題的認知等均深表讚賞。

我們的課程為學生在創意和藝術產業、媒體組織、教育機構和公務員隊伍等領域的就業作好充分準備。

文學院的卓越領域包括深入探索中國古典和現代文學與詩歌，以及全面了解中國的歷史遺產。我們教授英語語言和文學，同時致力於透過中英雙語建立文化間的橋樑。學院內國際知名學者研究的主題從青年文化到性別、種族和性議題。我們在道德哲學、應用倫理學、邏輯學和科學哲學等領域都備受推崇。另外，最近的研究項目讓大眾關注亞洲電影和創意媒體產業的重要性。

我們的教學人員均成就卓越，其中包括國家人文基金（2024-25）的得主、國際亞洲研究學者大會研究圖書獎（2023）的決賽者、2021年首屆「暨南大學詹伯慧語言學獎」的得主，以及被史丹福大學評為世界前2%科學家的學者（2022年、2023年、2024年和2025年）。

Faculty of Business 商學院

Website 網址：

The Faculty of Business is committed to providing high quality, whole-person education for undergraduates and postgraduates, as well as conducting cutting-edge research into impactful topics that are changing the world of business.

This is done by having departments which focus respectively on accountancy, finance, marketing and international business, management, and operations and risk management. There are also two major research centres: the Hong Kong Institute of Business Studies, and the Institute of Insurance and Risk Management.

Since 2011, the Faculty has been fully accredited by the Association to Advance Collegiate Schools of Business (AACSB), which in effect places us among the top 6% of business schools worldwide. Also, by establishing the Lingnan University Chapter of the esteemed Beta Gamma Sigma (BGS) honour society, we have been able to win wider recognition for our students and their achievements.

The Faculty has always made a point of promoting excellence in research. The results can be seen in the number of papers published in recent years in top-tier academic journals which include the *Academy of Management Journal*, *The Accounting Review*, and the *Journal of Finance*.

Sometimes, the initial theories and detailed findings in these papers may derive from long-term partnerships with leading academics in Hong Kong, or they may involve collaboration with world-class researchers in Europe, Chinese Mainland, North America, or elsewhere.

Our aim is to keep improving the content, range and standards of all undergraduate and postgraduate programmes, so that students have the subject knowledge, practical skills, social responsibility and values to succeed in their chosen path in life.

商學院致力於為本科生和研究生提供高質素的全人教育，並對改變商業世界的重要課題進行前沿研究。

我們的學系分別專注於會計、金融、市場及國際企業、管理學、運營與風險管理。此外，還有兩個主要的研究中心：香港商學研究所和保險與風險管理研究所。

自2011年起，嶺大商學院獲得國際高等商學院促進會(AACSB)的全面認證，即是說商學院躋身全球前6%的商學院之列。此外，透過成立備受推崇的國際商學榮譽學會(Beta Gamma Sigma, BGS)嶺南大學分會，我們能夠為學生及他們的成就，贏得更廣泛的認可。

本學院一直致力於推動卓越的研究。從近年在頂尖學術期刊（包括《美國管理學期刊》(*Academy of Management Journal*)、《會計評論》(*The Accounting Review*)和《金融雜誌》(*Journal of Finance*)上發表的論文數量，便可見學院在研究方面的成就。

這些論文的初步理論和詳細研究結果有部分是源於與香港頂尖學者的長期合作，也包括與歐洲、中國內地、北美或其他地方的世界級研究人員的合作。

我們的目標是不斷提升所有本科和研究生課程的內容、範圍和水準，使學生具備學科知識、實踐技能、社會責任和正確的價值觀，日後可以在他們所選擇的人生道路上有所成就。

School of Graduate Studies 研究生院

Website 網址：
<https://www.ln.edu.hk/sgs>

At Lingnan University, the School of Graduate Studies (GS) performs dual roles and functions in postgraduate (Pg)-related matters. At the university-level, it oversees matters pertaining to academic development and quality assurance and enhancement (QA&E) of both research postgraduate (RPg) and taught postgraduate (TPg) programmes, providing secretarial support/services to the University's Postgraduate Studies Committee. It also provides centralised administrative support and registry services (from admissions, registration, records, course-taking, assessment, examinations and graduation, and financial sponsorships, to day-to-day academic services) for RPg students.

At the school-level, it offers TPg and RPg programmes of its own, providing administrative support for student and course related matters at the school and programme/departamental-level.

The broad aim for GS is to create a welcoming and engaging environment conducive to productive, in-depth research. That means having the facilities and providing the right kind of platforms and opportunities to foster academic exchanges between staff and students and ensure experiential learning. Essential to that are the regular conferences and seminars, organised in partnership with renowned local and overseas institutions, which enhance collaboration, discussion, networking, and the potential for breakthroughs.

Other key functions of the GS include formulating and reviewing strategies for the academic development of postgraduate and professional training programmes to position the University as a leading institution for Pg studies. Doing so helps to enhance Lingnan's international profile and standing.

There is also a central coordinating role in developing, promoting and governing newly launched inter-university and inter-faculty Pg programmes. In such cases, the GS is responsible for formulating and reviewing the academic policies, regulations, guidelines and procedures governing programmes/studies. It must also oversee their continuing implementation to uphold and enhance the quality of Pg provisions.

At all times, there is robust support for existing Pg programmes, with due emphasis on teaching through best practices, facilitating whole-person development, and initiating activities which add to learning and create a stronger sense of community.

COMMITMENT TO UNITED NATIONS' SUSTAINABLE DEVELOPMENT GOAL 矢志實現聯合國的可持續發展目標

As a research-focused institution dedicated to quality education, Lingnan University is wholeheartedly committed to achieving and promoting the Sustainable Development Goals (SDGs) established by the United Nations.

This is evident in all aspects of university life. For instance, many of the research projects now being undertaken are linked to the challenges of global sustainability, while the curriculum of each academic programme integrates key SDG principles, giving students the knowledge and skills to contribute in practical ways to meeting these goals.

In essence, our teaching, learning, knowledge transfer, and social engagement initiatives all embody this commitment.

Beyond that, Lingnan's entrepreneurial activities are designed to foster sustainable economic growth. And our corporate governance and administrative practices reflect a strongly-held responsibility towards promoting environmental stewardship and social well-being.

This can be seen in ongoing efforts to expand green campus initiatives, strengthen community partnerships to find sustainable solutions, and advocate for policy changes that support the SDGs. Regular engagement with local and international partners allows us to collaborate on projects that directly address key goals linked to responsible consumption, climate action, and improving awareness.

As a result, Lingnan University has become a hub for innovation and a beacon of hope for a more equitable and sustainable future.

Recent accolades, including in the Times Higher Education (THE) Impact Rankings, where the University has been ranked among the top three institutions worldwide for "Quality Education"; for four consecutive years, are testament to our exceptional efforts.

作為一所以研究為重點、致力於優質教育的院校，嶺南大學矢志實現和推動聯合國制定的可持續發展目標。

這一理念體現在大學生活的方方面面。例如，目前正在進行的許多研究項目都與全球可持續發展的挑戰有關，而每項學術課程的內容都結合了可持續發展目標的主要原則，讓學生掌握實用的知識和技能，可以為落實這些目標作出實際貢獻。

實質上，我們的教學、學習、知識轉移和社會參與活動都體現了這一承諾。

除此之外，嶺大的創業活動亦旨在促進可持續的經濟增長。而大學管治和行政模式亦體現了我們對促進環境管理和社會福祉的強烈責任感。

我們繼續推出建設綠色校園的新猷、加強社區協作以尋找可持續的解決方案，並倡導支持可持續發展目標的政策改變；與本地和國際合作夥伴保持聯繫，讓我們能夠合作進行直接解決與負責任消費、氣候行動和提高醒覺意識相關主要目標的項目。

因此，嶺南大學已經成為創新的樞紐和追求更公平和可持續發展的未來的希望燈塔。

最近，在泰晤士高等教育影響力排名中，嶺南大學連續四年在「優質教育」方面名列前三位，正好彰顯我們在這方面的努力和投入。
