THEIR STUDY ABROAD TIME AT MUIC

Maximilian Bergauer

Student from
THE HAGUE UNIVERSITY OF APPLIED SCIENCES

My exchange at MUIC was a great experience. Especially the active campus life with many clubs and events were always a great opportunity to meet people and learn new things. The University is very modern, well organized and has very enthusiastic teachers. I would recommend MUIC to everyone who seeks for a family like atmosphere, interesting courses and great cafeterias!

Rachel Dalafave

Student from
THE COLLEGE OF NEW JERSEY

My stay in Thailand has been a whirlwind of adventure all around the country, but some of the best times happened right here in Salaya. I practiced my balance driving a two person bicycle, discovered amazing water monitor lizards on campus, and befriended a friendly street dog named Bundit. MUIC, both inside and outside the classroom, has offered me a true Thai experience which I wouldn't trade for anything.

Sophia Vaeoso

Student from
HAWAII PACIFIC UNIVERSITY

If I knew studying at MUIC was this amazing, I would've definitely stayed for more than one term. It's true what they say...join clubs is the best way to make friends. Cycling was my favorite. I got to meet people that helped me see the world differently and gave me a passion for cycling. I also admire the service of all faculties and staff who made sure that our classes or housing arrangements went smoothly. The warm smiles always brightens my day. There is so much I would love to share of the lifetime experience I had in MUIC, but if I had to sum it up in one word...it'd be 'UNFORGETTABLE'.
