

Graduate's Comment 毕业生意见

Risk & Insurance Management (RIM) is a comprehensive program in Lingnan, which offers a variety of opportunities for me to accumulate financial and insurance knowledge, as well as gain working experience from the internship. All the courses taken are available to exchange for the credits from the external professional qualifications (e.g. CII, ANZIIF). Besides, I had lots of chances to meet with the seasoned industry professionals through AR Mentorship Programme and symposium, which make me have a better understanding of the current industry development and expand my network. Throughout the four-year studies, I also received several scholarships to support my undergraduate studies and am going to pursue my postgraduate study in London. Thanks for every opportunity granted as all these make a better me!

Ms Tina CHEUNG

BBA RIM Graduate of 2019

Admitted to the Master in Insurance and Risk Management at
Bayes Business School, City University of London

Student's Comment 学生意见

The BBA RIM program provides me with fundamental and ample knowledge in insurance & risk management, finance and accounting. In addition to my studies at Lingnan, I fortunately joined internships specializing in risk management and compliance of several renowned financial institutions and regulators, including, AXA, Willis Towers Watson, Hong Kong Monetary Authority, and Insurance Authority. In this summer, I will join a renowned investment bank – UBS as a summer intern in investment banking risk & compliance division. Due to the unique features and singular course structure of the RIM program, I am capable to hit the ground running for every internship role.

工商管理（荣誉）学士 — 风险及保险管理 BBA (Hons) Risk and Insurance Management Programme

Introduction 简介

BBA (Hons) Risk and Insurance Management Programme equips students with fundamental knowledge of insurance and risk management that meets the needs of the banking and insurance industry and the challenge of the changing business environment. Our graduates are well-prepared for managerial and executive positions in risk management and insurance sector, banking industry, and related financial institutions. They work as compliance officers, risk managers, insurance underwriters, claim officers, bankers and insurance product developers.

本学士课程为学生提供风险管理和保险基础知识训练，以迎合银行和风险及保险管理行业的需求，并应付相关行业的挑战。我们的毕业生主要从事风险管理、保险、银行和其他金融相关的管理及行政工作，如合规 / 法规事务主任、风险管理经理、保险承保人、理赔员、银行管理及保险产品开发生理。

Global Centers of Insurance Excellence (GCIE)
