Since the 2nd term of 2021-22, OSA-Career Advising Services has implemented a **prerequisite for all internship programmes (local, non-local & virtual)** administered/sponsored by OSA-Career Advising Services. Undergraduate students from all study programmes who are applying for the internship programmes or subsidies to participate in an internship programme, will have to meet this prerequisite of attending face-to-face/online training and self-learning courses. This prerequisite is called the **Pre-Internship Training Programme**.

The Pre-Internship Training Programme (PTP):

The Pre-Internship Training Programme (PTP) includes both face-to-face/online training and self-learning courses for students who is going to undertake internships administered and sponsored by OSA during term-time or summer break. PTP prepares you to acquire the skills in building a LinkedIn profile which are deemed essential nowadays in job hunting and professional networking. It also assists you in refining your CV and training basic skills in job interviews, business etiquette and business writing. Students applying for OSA internship programmes and subsidies are required to meet this pre-requisite.

The PTP includes 2 parts: the following 4 workshops and a digital LinkedIn Learning course that undergraduate students must complete in order to meet the basic requirements to apply for internships and receive subsidies from OSA:

A. 4 workshops: (One ILP unit in IED per workshop) – each student is required to complete one session for each of the following workshops:

- **Internship Application** : **CV Writing (creating a LinkedIn profile)**
- **Interview Preparation** : **Responding to Interview Questions**
- **Interview Preparation** : **Introduction to Case Analysis**
- **Internship Excellence** : **Business Practices**
