

Enrolled in the CPA programme at Lingnan University, I studied relevant public policy theories, analyzed development trends, and examined public policies and government management issues from a comparative and international perspective. Through field trips, I explored the history of local governments, regional governance structures, and the evolution of public policies.

The specialized courses are grounded in diverse disciplinary foundations, including public administration, political science, and data analysis, equipping us with a comprehensive understanding of regional governance and comparative public policy. CPA programme boasts a professional teaching team with abundant resources, featuring instructors not only from Lingnan University but also from leading universities across Asia, fostering collaboration in social change and policy research.

在嶺南大學學習比較公共管理社會科學碩士（CPA）課程期間，我學習了相關的公共政策理論，分析了發展趨勢，並從比較和國際視角審視公共政策和政府管理議題。透過實地考察，我探索了地方政府的歷史、區域治理結構以及公共政策的演變。

專業課程涵蓋公共行政、政治學和數據分析等多個學科領域，幫助我們全面理解區域治理和比較公共政策。CPA 課程擁有一支專業的師資隊伍，資源豐富，不僅有來自嶺南大學的教師，還有來自亞洲其他頂尖大學的教師，促進了社會變革和政策研究領域的合作。
