

Studying CPA at Lingnan University has been a unique and rewarding experience. The curriculum is highly specialized and interdisciplinary.

Through the lectures, I was able to analyse issues such as public policy and government management from a comparative and international perspective. The programme also includes public policy lab courses and experiential learning activities, such as a visit to the Hong Kong Legislative Council, which allows us to apply theory to practical administration.

The professors have rich teaching and research experience, bringing practical

cases and research findings in public management from different countries and regions. They are conscientious and dedicated, always doing their best to support us in our studies and career development.

This year at Lingnan has been an incredibly valuable experience for me. I highly recommend the CPA programme, especially to those who wish to pursue a career in administrative management.

在嶺南大學攻讀比較公共管理社會科學碩士（CPA）課程是一段獨特而有益的經驗。課程高度專業且跨學科。

透過課堂教學，我能夠從比較和國際視角分析公共政策和政府管理等議題。課程還包括公共政策實驗課程和體驗式學習活動，例如參觀香港立法會，讓我們能夠將理論應用於實際行政管理。

教授們擁有豐富的教學和研究經驗，帶來來自不同國家和地區的公共管理實踐案例和研究成果。他們認真負責、盡職盡責，並且始終竭盡全力支持我們的學習和職業發展。

在嶺南的這一年對我來說是一段非常寶貴的經驗。我強烈推薦 CPA 課程，尤其是希望從事行政管理職業的人。
